Agenda Item# 9.4

RECOMMENDATION: Recommend approval of a Resolution awarding a Contract for the Phase 2 Oak Woodland Clearing at Kettle Grove Forest Preserve to JH Landworks, Wauconda, Illinois, in the Contract Price of \$59,675.00.

STRATEGIC DIRECTION SUPPORTED: Conservation

FINANCIAL DATA: This project was approved as part of the adopted FY2016/2017 Budget in the amount of \$220,000.00. This portion of the project was estimated at \$116,000.00. The actual cost of \$59,675.00 will be charged to the Land Development Levy Fund, (20104100-803200-61504). Subsequent phases will include purchasing native seed and invasive species control. Funding for the project is coming from a private donation.

BACKGROUND: This project comprises the removal of invasive woody species and thinning of select native species from a 35-acre portion of Kettle Grove Forest Preserve. The goal of the project is to improve the effects of prescribed controlled burn management and to increase light levels to support oak regeneration as well as native shrub and ground-layer vegetation. Some native species, including oaks, will be selectively thinned to reduce canopy coverage to support future oak regeneration and increased biodiversity of the understory. Work will include mechanical and hand cutting, girdling, brush pile burning, selective wick herbicide application to cut stumps and follow-up herbicide application to resprouts and small stems.

The project was advertised on September 9, 2016 and 5 bids were received. A summary of the bids received is listed below:

	<u>TOTAL</u>
JH Landworks, Wauconda, Illinois	\$59,675.00
Homer Tree Service, Inc., Lockport, Illinois	\$84,700.00
