Warning of Risk

The District is committed to conducting its recreation programs and activities in a safe manner and holds the safety of participants in high regard. The District continually strives to reduce risks and insists that all participants follow safety rules and instructions that are designed to protect the participant's safety. However, participants and parents/guardians of minors participating in a recreational activity must recognize that there is an inherent risk of injury or death when choosing to participate in any recreational activity and programs connected with or associated with this Beach Pass.

You are solely responsible for determining if you or your minor child/ward are physically fit and/or skilled for the activities contemplated by this agreement. It is always advisable, especially if the participant is pregnant, disabled in any way or recently suffered an illness, injury or impairment, to consult your physician before undertaking any physical activity.

Recreational activities are intended to challenge and engage the physical, mental and emotional resources of each participant. Despite careful and proper preparation, instruction, medical advice, conditioning and equipment, there is still a risk of serious injury or death when participating in any recreational activity. Understandably, not all hazards and dangers can be foreseen. Depending on the particular activity, participants must understand that certain risks, dangers and injuries due to acts of God, inclement weather, slipping, falling, inadequate or defective equipment, failure in supervision or instruction, poor skill level or conditioning, carelessness, horseplay, premises defects and all other circumstances inherent to indoor and outdoor recreational activities/programs exist. In this regard, it must be recognized that it is impossible for the District to guarantee absolute safety.
