

Lake County

ILLINOIS

Geographic Information System (GIS) Day

Exhibits – Maps – Demonstrations

Wednesday, November 1st, 2017 -11:00-2:00

Lake County Central Permit Facility – 2nd Floor

500 W Winchester Rd - Libertyville, IL 60048

Come Join Us...

Whether you are an expert, occasional user, or just interested in understanding what GIS is, come see how GIS is used by Lake County government to be more transparent, become more efficient, make better decisions and to save tax dollars...

- **Flooding** – See how Lake County used GIS to respond to the July flood event.
- **Mobile GIS** - Learn how to easily eliminate paper maps and forms by leveraging mobile GIS!
- **LiDAR** – Learn about a national showcase project that uses previously restricted **Light Detection And Ranging** technology that is now being made available to the civilian market.
- **Drone** - Learn how to capture imagery and a 3D model with just a few clicks of the mouse and a drone.
- **Web Apps** - Come see the **NEW Interactive Trail** application to make your next Forest Preserve visit a success.
- **Power Maps** - See how you can quickly turn 100's of addresses into a heat or point map using Excel.
- **Maps Online** – Got questions? Get answers and an overview of this popular application.
