

## Nature Curiosities

**Date:** July 26-28, 2022

**Time:** 9:30 am-11:30am

**Location:** Independence Grove, meet near North Bay Pavilion

**What to wear:** Sturdy closed toe shoes that can get wet and muddy. A small thin hand towel. A light weight long sleeved shirt and long pants if they mind walking through tall plants that could possibly scratch them

### Itinerary

These mainly child led adventures will allow the children time to engage with their natural surroundings, exploring what elements are in different habitats. Allowing their imaginations and creativity to come to life. Learning to be careful with the living creatures and creating with the non-living. Free to be in their own zone! Or join others.

#### Tuesday, July 26

##### *Prairie Day*

What's in a prairie? All of those wonderful plants, flowers and insects! Let's go explore and bring back insects to observe and see what we can create.

#### Wednesday, July 27

##### *Woodland Day*

Explore what's in a woodland. What types of bugs live in here? What other animals live here? What's on the ground? The woods are a great place for imaginations to come to life.

#### Thursday, July 28

##### *Water Day*

What's in the water? Are there plants? Who lives in the water? Let's scoop to find out. Look through a scope to get a better view
