

Answers to Trivia Trail

Old School Forest Preserve

November 2020

1. **Eighteen stations.** How many did you try?

2. Search our Lake County plants and animals table for the common names of oak trees:
[LCFPD.org/lake-county-species](https://lcpfd.org/lake-county-species)

Explore Lake County Species

Our scientists use a variety of methods to find, measure and map plant and animal communities within the preserves. [Learn more »](#)

Preserve Name	Type		
Old School	Tree	oak	Search

Common Name ▼	Scientific Name ▼	Nat/Non ▼	Type ▼

3. **When it was first settled in the late 1830s:** [LCFPD.org/old-school](https://lcpfd.org/old-school)

4. **Native prairie restoration with recreation facilities:** [LCFPD.org/old-school](https://lcpfd.org/old-school)

5. **Grooming is typically done two days after a large snowfall:** [LCFPD.org/cross-country-skiing](https://lcpfd.org/cross-country-skiing)

6. Though regular preserve hours are 6:30 am–sunset, the illuminated trails and adjacent parking lots will remain **open after sunset until 9 pm daily from Sunday, November 1, 2020, through Sunday, March 14, 2021**: [LCFPD.org/lighted-trails-for-evening-hikes](https://lcfpd.org/lighted-trails-for-evening-hikes)

7. The preserve and nearby Old School Road each got their name from the now-defunct **Bradley School**, which stood near the preserve’s southeast corner: [LCFPD.org/old-school](https://lcfpd.org/old-school)

8. Shelter E: [LCFPD.org/equestrian-trails](https://lcfpd.org/equestrian-trails)

9. Fungi or mushrooms.

10. Twelve acres and 16 feet maximum depth: [LCFPD.org/fishing/old-school-lake](https://lcfpd.org/fishing/old-school-lake)

11. **False.** The Old School hill is open 6:30 am–sunset daily when conditions allow for sledding. To access the sled hill, follow the roadway until you reach the parking area on your right signed for sledding and skating: [LCFPD.org/sledding](https://lcfpd.org/sledding)

12. **Blue-spotted salamander:**
