Agenda Item# 8.6

RECOMMENDATION: Approve a Resolution awarding a contract for pavement and sewage system improvements at Rollins Savanna Forest Preserve to Maneval Construction Company, Inc., Ingleside, Illinois, in a total contract amount not to exceed \$311,857.65.

STRATEGIC DIRECTIONS SUPPORTED: Public Access & Connections; Organizational Sustainability

FINANCIAL DATA: This project was approved as part of the adopted FY 2018/2019 Capital Improvement Plan (CIP) Budget to Repair Existing Roads/Parking (20104100-803200-60009) in the amount of \$750,000.00. The estimate for this work was \$325,000.

BACKGROUND: The majority of the existing improvements at Rollins Savanna were constructed in 2003-2004, including the bathroom building, greenhouse, and 78-car parking lot off Washington Street. In 2008-2009, the seed building was added to the Nursery complex. Since the existing parking lot off Washington Street is well used and the asphalt is approximately fifteen years old, the pavement is at the end of its service life and needs to be repaved. At the same time this project will address two other issues. The first issue is the wastewater system for the buildings that has been prone to back-ups due to freezing of shallow sewer lines and other operational concerns. The sanitary service lines from the buildings will be replaced, along with the septic tank and aerobic treatment system. The existing septic leach field will remain in service. The second issue is the gravel area that serves as the staff/volunteer parking and staging area for the Nursery. The gravel area is also well used, but has been a challenge to snowplow, maintain positive drainage and limits accessibility to the Nursery buildings, so it will be paved.

The project was advertised on May 24, 2018. Eleven potential bidders reviewed the bid package and three bids were received and opened on June 14, 2018. The bid amounts are:

Maneval Construction Company, Inc., Ingleside, Illinois	\$311,857.65
