**STRATEGIC DIRECTION SUPPORTED:** Conservation

**FINANCIAL DATA:** The purchase and delivery of native seed for the projects described in the Background section below were approved as part of the adopted FY2026 10-year Capital Improvement Plan (CIP) and the FY2026 operating budget. The purchase and delivery of the seed will take place between 2026 and 2030. The estimated cost for seed was \$3,500,000. The actual cost for the purchase and delivery of native seed under the contracts approved by the attached resolution (the “Large Purchase Contracts”) is \$2,559,179.59. The low bids under \$60,000.00 that do not require Committee recommendation and Board approval total \$109,682.82. As discussed below, staff awarded separate contracts accepting those low bids (the “Small Purchase Contracts”). The total cost of the Large Purchase Contracts and the Small Purchase Contracts (collectively, the “Contracts”) is \$2,668,862.41.

The following accounts and funds will be charged for the various projects:

**BACKGROUND:** The District will install native seed, purchased through the Contracts, in the fall of 2026 through the fall of 2030 at Greenbelt, Lakewood, Broberg Marsh, Ryerson, MacArthur Woods, Grainger Woods, Kettle Grove, Ray Lake, Oriole Grove, Captain Daniel Wright Woods, Waukegan Savanna, Lake Marie, Gander Mountain, Kestrel Ridge, and Ray Lake Forest Preserves as part of ongoing ecological restoration efforts. Additionally, a small amount of seed will be purchased to support in-house natural resource management projects and volunteer efforts following various habitat restoration efforts. Seed installation will occur across more than 2,893 acres.

The project was advertised on January 20, 2026, and bids were received from nine bidders. Materials were bid on a unit price per species. A summary of the lowest bidders and totals of their low bids is listed below:

<b><u>BIDDERS WITH LOW BIDS TOTALING MORE THAN \$60,000</u></b>	<b><u>TOTAL LOW BIDS</u></b>
Agrecol LLC	\$ 103,818.22
Genesis Nursery, Inc.	\$ 551,728.35
Prairie Moon Nursery	\$ 1,133,828.89
RES Great Lakes	\$ 208,252.88
Shooting Star Native Seeds	\$ 161,380.52
Stantec Consulting Services, Inc.	\$ 400,170.73
<b><u>BIDDERS WITH LOW BIDS LESS THAN OR EQUAL TO \$60,000.00</u></b>	<b><u>TOTAL LOW BIDS</u></b>
Millborn Seeds, Inc.	\$ 59,151.55
Minnesota Native Landscapes, dba MNL	\$ 46,887.20
Bombus LLC	\$ 3,644.07

For this project, staff have already awarded Small Purchase Contracts to Millborn Seeds, Inc.; MNL; and Bombus LLC. For each of those bidders, the Small Purchase Contract price is the total of its low bids, which, in each case, is less than the Purchasing Policy threshold that requires Committee recommendation and Board approval (over \$60,000.00 for supplies or materials).

Agrecol, LLC; Genesis Nursery, Inc.; Prairie Moon Nursery; RES Great Lakes; Shooting Star Native Seeds; and Stantec Consulting Services, Inc. each submitted low bids totaling greater than \$60,000.00, thus requiring Committee recommendation and Board approval of the resolution accepting those bids and approving the Large Purchase Contracts.

Staff recommends that Agrecol LLC; Genesis Nursery, Inc.; Prairie Moon Nursery; RES Great Lakes; Shooting Star Native Seeds; and Stantec Consulting Services, Inc. each be awarded a Large Purchase Contract as the lowest responsible bidder for the species for which it was the low bidder.

Delivery is anticipated to begin after November 1, 2026, and to be completed by December 13, 2030.

**REVIEW BY OTHERS:** Chief Operations Officer, Director of Finance, Purchasing Manager, Manager of Board Operations, Corporate Counsel.
