(10) Additional Program Information (cont.)

(B) Beyond the Classroom

This initiative waives program fees for certain school districts in Lake County for certain field trips or in-school programs. This initiative also provides a transportation stipend for those field trips.

Eligible School Districts are determined using data from the Illinois State Board of Education. A school is eligible for a grant if (i) it is within a school district that serves primarily students living in Lake County and (ii) either (a) the school is located within a school district within which 50% of the students are low income students as determined by the Illinois State Board of Education data (a “low income district”) or (b) the Executive Director or his or her designee determines that the school has established a financial need for the grant. The Executive Director or their designee is authorized to allocate the grants among eligible schools (i) based on the above criteria, (ii) by allocating the majority of grants to schools in low income districts, on a pro rata basis according to the number of K-8 students residing within the low income districts, and (iii) for an allocated grant that is offered to an eligible school, but not accepted on or before the first work day in February of the each school year, making such grant available to other eligible schools

Based on approved funding from the Preservation Foundation, this initiative includes offering fifty (50) grants that include a \$250 bus stipend to eligible schools for field trips and ten (10) fee-waivers for in-school programming for Lake County schools unable to visit the Forest Preserves.

(C) Refunds

Refunds for programs requiring advance payment will be given upon request if cancellation is made at least one week in advance of program date with the exception of Maple Syrup and Halloween Hikes. Summer camp program refunds and transfers are given upon request if received one week before the program, less a \$10 service fee per child per session. Absence from one session of a program series does not entitle participant to a pro-rated refund. Refunds will not be given for summer day camp programs cancelled due to weather after 30 minutes of camp start.

(D) Satisfaction Guarantee

Program participants who are not completely satisfied with the quality of an education program may request credit toward another program or a refund.
