**SUBJECT:** 

Native Seed Purchase for Cuba Marsh Forest Preserve Phase II Restoration

**RECOMMENDATION:** Recommend approval of a Resolution awarding Contracts for the Purchase of Native Seed for Cuba Marsh Forest Preserve Phase II Restoration to Prairie Moon Nursery, in the Contract Price of \$71,737.66, and Shooting Star Native Seeds in the Contract Price of \$29,045.85.

**BACKGROUND:** The District will be installing native seed in fall 2016 at Cuba Marsh Forest Preserve as part of ongoing ecological restoration efforts. Seed installation will occur after species control and additional preparations are completed by District staff and volunteers. Seed installation will occur across 75 acres in the central portion of the preserve and is part of Phase II restoration.

The project was advertised on November 9, 2015 and four bids were received. A summary of the lowest bids received is listed below:

|   | TOTAL BID   |
|---|-------------|
| Prairie Moon Nursery, Winona, Minnesota             | \$71,737.66 |
| Shooting Star Native Seeds, Spring Grove, Minnesota | \$29,045.85 |
| SUCCESSFUL BIDDERS UNDER \$20,000.00                |             |
| Applied Ecological Services/Taylor Creek Nursery    | \$ 5,758.42 |
| Spence Restoration Nursery, Muncie, Indiana         | \$ 7,829.35 |

Materials were bid on a unit price per species. Staff has awarded a contract to each of the 2 low bidders whose total bids are less than \$20,000.00. Staff recommends that Prairie Moon Nursery and Shooting Star Native Seeds be awarded contracts as the lowest responsible bidders for the species for which they are the low bidders. The total of their low bids is greater than \$20,000.00, thus requiring Committee recommendation and Board approval of the contracts for those bids. Work is anticipated to begin November 2016 and be completed by January 2017.

**REASON FOR RECOMMENDATION:** Committee recommendation and Board approval are required in accordance with District policy.

REVIEW BY OTHERS: Chief Operations Officer, Director of Finance, Legal Counsel

FINANCIAL DATA: This project was approved as part of the adopted FY 2014/2015 Capital Improvement Plan in the amount of \$300,000.00. This portion of the project was estimated at \$125,000.00. The total amount of the contracts with Prairie Moon Nursery, Shooting Star Native Seeds, and the two contracts already awarded by staff is \$114,371.28, which will be charged to the Cuba Marsh Habitat Restoration-CIP project account (3564100-803200-64104).
